MEMORANDUM FOR THE PRESIDENT

SUBJECT: CIA Day Care Center

On September 5, 1989, our freestanding Day Care Center will open for the first time to 104 children, from infancy to age 5. Eligibility for the charter group was established by random lottery conducted throughout the Agency.

The Center realizes a long-felt need. Operating expenses will be covered largely through tuition. It will be a state-of-the-art facility incorporating the ideas of professional child care consultants and architectural design specialists. We have high hopes for it.

We would be most honored if you and Barbara would consent to participate in a brief dedication ceremony, attended by the children, their parents and the "faculty." It would mean a great deal to the CIA family, and we think you both would find it an enjoyable occasion and one in which you underscore your concern and support for children in the modern age.

We hope you can do it. While September 5 would be our preference, we can easily accommodate the actual dedication date to your and Barbara's schedules.

A handwritten signature in cursive script, appearing to read "Bill".

Director of Central Intelligence
